CEO Message

As we reflect on 2024, I am proud to share that this year marked a pivotal period in Gulf Insurance Group's evolution, one defined by clarity of vision, strategic focus, and unwavering resilience. In an operating environment shaped by global uncertainty and rapid transformation, GIG advanced with purpose, guided by a legacy built on trust, performance, and innovation.

The year's defining moment was the successful completion of Fairfax Financial Holdings' mandatory acquisition offer, increasing its ownership in GIG to 97.06 percent. This milestone not only affirmed our shared vision but also strengthened our foundations for long term expansion and value creation. As part of one of the most respected global insurance networks, GIG is now positioned to harness new capabilities, broaden its reach, and grow in scale with greater agility and confidence.

Looking ahead, our strategy is focused on deepening our presence across core markets while unlocking new opportunities through innovation, digital transformation, and customer centric solutions. At the same time, we continue to evaluate opportunities for strategic consolidation and targeted growth to ensure GIG remains future-ready in a dynamic risk environment.

In recognition of our strong fundamentals and sound governance, A M Best upgraded GIG's Issuer Credit Rating to a plus, while leading agencies including S & P and Moody's reaffirmed our financial strength ratings. These independent endorsements reflect the depth of our underwriting expertise, disciplined capital management, and long-standing commitment to prudent risk practices.

Everything we do is grounded in the responsibility we carry as a trusted insurer across the region. Ours is a legacy built over decades, a legacy of consistency in protecting lives, enabling prosperity, and earning the confidence of generations. That legacy continues to guide us as we evolve into a more agile, innovative, and globally connected organization.

As part of GIG's commitment to setting regional benchmarks in transparency and high-quality disclosure, I am proud to share that the Group's 2023 Annual Report received a Silver Award at the ARC Awards. This recognition reflects the strength of our reporting and our dedication to clear, stakeholder-focused communication.

To conclude, I extend my sincere gratitude to our customers, business partners, regulators, and shareholders for their continued trust. Above all, I thank our employees across the Group for their dedication, energy, and belief in our mission.

Empowering Communities

During 2024, GIG adopted dedicated efforts to empower communities with sustainable practices and protect our planet for future generations.

GIG Launches the Region's First Well-being Report to Advance Holistic Health

This year, the Group took a pioneering step towards advancing sustainable development by launching the region's first dedicated Well-being Report.

Conducted in partnership with YouGov, the report surveyed over 3,500 individuals across eight countries, offering valuable insights into health and well-being trends and needs of individuals and organizations.

Key Findings:

- **Addressing well-being gaps:** While 82% of respondents rated their well-being positively, 65% reported facing mental health challenges, with 62% self-diagnosing and up to 35% unsure where to seek help.
- **Mental health under-addressed:** The survey revealed that 62% of those facing mental health challenges self-diagnosed their condition, with up to 35% unsure of where to seek help. This indicates an urgent need for awareness, accessibility, and support mechanisms.
- **Workplace well-being demand:** Employees showed a clear interest in employer-driven initiatives, with 46% seeking regular health check-ups, and over 35% calling for stress management programs and wellness workshops.
- **Lifestyle insights:** Only 54% of respondents achieved recommended sleep levels, and just 15% engaged in regular exercise, underlining the need for healthier lifestyle choices.
